

# The Future of Community Energy

**ECOe in partnership with the University of Exeter**

**Wed 2nd Sept 2015, 18.30-20.15**

Meeting Room, Stephens Scown Solicitors, Curzon House, Southernhay, Exeter

Explore the current challenges and opportunities facing community energy groups and collaboratively learn from UK and European experiences with members of local community energy groups, international energy academics attending the RGS-IGB Conference at the University of Exeter, industry representatives, public sector officers, policy makers and the public.

**Networking and refreshments from 18.30**  
**Event starts 18.45**

**Renewables  
(electricity and heat)**  
**Reducing energy use**  
**Demand management**  
**Purchasing energy**  
**Local energy  
supply**
